

CATIFA 46

arper

Catifa 46

Catifa 46 is the little sister of Catifa 53. Same sleek profile with a crisp, casual efficiency that is designed for contract use and spaces that require a slightly smaller scale. Extremely flexible, Catifa 46 further extends its range of colors, finishes, bases and accessories for customization to accommodate an almost limitless array of contract applications without altering its essential character. Made for both residential and contract use, indoors and out, the Catifa 46 shell and base are fabricated in a diverse range of materials, colors and finishes. The shell is constructed in doublecurved plywood, mono or bi-color polypropylene, covered in leather, hardleather, fabric or finished with upholstered pads. The base comes in chrome-finish steel, satin-finish stainless steel, aluminum, powder-coated aluminum or wood, and is available in the following configurations: sled, fourlegs, trestle and five-ways. A writing tablet is available for campus or auditorium use. Catifa 46 is also available in a stool version with sled or swivel base.

Designer

Lievore Altherr Molina, 2004

Lievore Altherr Molina was founded by Alberto Lievore, Jeannette Altherr and Manuel Molina in 1991. Their humanist design approach is informed by the fundamental desire for pure, beautiful forms derived from the constraints of function, technology and context. Distinguished by a multi-disciplinary method that engages furniture, interior, product, and package design, their work has been globally exhibited and acknowledged. They are the recipients of the prestigious National Design Award (1999) in Spain where they practice and teach extensively.
