

paro\_24/7

# 24/7 support for your office.

# Optional.

In call centres, control rooms and in multishift operation, workplaces are occupied 24 hours a day, 7 days a week. Swivel chairs in continuous operation are subjected to above-average wear. With *paro\_24/7* Wiesner-Hager has developed a swivel chair specifically for round-the-clock use. Moreover, thanks to a range of particularly hardwearing fabrics and its robust mechanics the chair has a loadbearing capacity of up to 150 kg. However the typical look of the *paro\_2* product family remains unchanged. The *paro\_24/7* is simple to operate, making it particularly user-friendly.

Design: neunzig° design

Swivel chair	Swivel chair with high backrest	Swivel chair with neckrest (optional)
- 5221-101 assembled - seat upholstered, back with mesh H 960-1135 / SH 415-530 / W/D 770	- 5223-101 assembled - seat upholstered, back with mesh H 1070-1245 / SH 415-530 / W/D 770	- 5223-101 assembled - seat upholstered, back with mesh H 1270-1490 / SH 415-530 / W/D 770

**Finely harmonised movements.**  
Thanks to the user-friendly tension spring adjustment you can adapt the backrest pressure to your body weight (up to 150 kg), thus ensuring finely harmonised movements of the seat and back. The synchronised mechanism can be locked in several positions. Forward seat tilt 5°.

**Adjusting the height of the backrest.**  
The height of the backrest can be adapted to various body sizes. Thus the back is perfectly supported.

Swivel chair	Swivel chair with high backrest	Swivel chair with neckrest (optional)
- 5225-103 assembled - seat and back upholstered H 960-1135 / SH 415-530 / W/D 770	- 5227-103 assembled - seat and back upholstered H 1060-1235 / SH 415-530 / W/D 770	- 5227-103 assembled - seat and back upholstered H 1260-1480 / SH 415-530 / W/D 770

H = total height / SH = seat height / W = width / D = depth (dimensions in mm)

#### Net mesh back:

**Adjusting the infinitely variable seat height.**  
The seat height is infinitely adjustable by means of a gas spring compliant with DIN 4550 and depth suspension.

**Arm options.**  
The chair can be supplied with height and width adjustable arms or multifunctional arms, which are additionally adjustable in depth and have swivelling arm pads.

**Adjusting the seat depth.**  
The seat depth can be easily adapted to suit the user's bodysize via the sliding seat.

#### Standard models:

Swivel base aluminium. Load-dependently braked twin wheel castors with hard running surface, Ø 60 mm. Operating elements black plastic. Backrest either covered with mesh (Trevira CS, 100 % polyester) or upholstered. Rear of backrest: for models with fabric or synthetic leather upholstery, outer back is always with black fabric (Trevira CS, 100 % polyester); for models with leather upholstery outer back is same as inner back.

#### Functions:

Synchro-mechanism with lateral tension control (up to 150 kg), lockable in several positions. Seat height adjustment via gas spring acc. to DIN 4550 and depth suspension. Seat depth adjustment via sliding seat (range of adjustment: 50 mm). Height-adjustable backrest (adjustment range: 50 mm). Synchro-mechanism with forward seat tilt – seat can be tilted 5 degrees forwards.

**Optional extras** (surcharges apply):  
Adjustable neckrest (5223 and 5227), adjustable lumbar support (5225 and 5227).  
Net mesh back in warm grey and yellow.

**Arm options** (surcharges apply):  
**Height-adjustable arms:** Adjustable in height and width, with soft arm pads. Polished aluminium supports.  
**Multifunctional arms:** Swivelling, soft arm pads, adjustable in height, width and depth. Polished aluminium arm supports.
